these codes are taken seriously to insure a safe, professional and nurturing environment to all our players. Parent/guardians are required to adhere to these codes in the best interest of their child. A director/coach will take the time to speak to parent/guardians regarding any arising issues. However, please note that you may or may not receive warning prior to any action being taken in response to failure to abide by the above code of conduct rules.

The Parent/guardians Code of Conduct has been written in the best interest of players, parent/guardians, coaches and to continuously improve the environment and services.
